

Activities

AGE 5

HELP YOUR CHILD LEARN AND GROW!

Try these fun and easy activities with your 5-year-old—a great way to have fun together and encourage your child's healthy development.

Encourage **dramatic play**. Help your child act out his favorite nursery rhyme, cartoon, or story. Use large, old clothes for costumes.

Make an **obstacle course** either inside or outside your home. You can use cardboard boxes for jumping over or climbing through, broomsticks for laying between chairs for "limbo" (going under), and pillows for walking around. Let your child help lay out the course. After a couple of practice tries, have him complete the obstacle course. Then try hopping or jumping through the course.

Play "mystery sound."

Select household items that make distinct sounds such as a clock, cereal box, metal lid (placed on a pan), and potato chip bag. Put a blindfold on your child and have him try to guess which object made the sound. Take turns with your child.

Play the "memory" game. Put five or six familiar objects on a table. Have your child close her eyes. Remove one object, and rearrange the rest. Ask your child which object is missing. Take turns finding the missing object.

Practice **writing** first names of friends, toys, and relatives. Your child may need to trace the letters of these names at first. Be sure to write in large print letters.

Let your child help you with simple **cooking tasks** such as mashing potatoes, making cheese sandwiches, and fixing a bowl of cereal. Afterward, see if he can tell you the order that you followed to cook and mash the potatoes or to get the bread out of the cupboard and put the cheese on it. Supervise carefully when your child is near a hot stove.

You can play "license plate count up" in the car or on the bus. Look for a license plate that contains the number 1. Then try to find other plates with 2, 3, 4, and so forth, up to 10. When your child can play "count-up," play "count-down," starting with the number 9, then 8, 7, 6, and so forth, down to 1.
